

# METAL BUCKLES FOR POLY STRAPPING

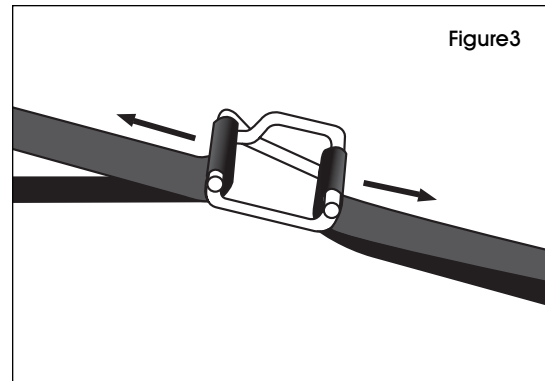

## THREADING INSTRUCTIONS

1. Insert end of strapping up through center of the buckle and around open leg to form a loop. Pull top tight around leg. (See Figure 1)

3. Pull both top ends of strapping in the opposite direction to manually tighten. (See Figure 3)

2. Wrap strapping around package. Loop strapping around remaining open leg of buckle. Pull loop tight around leg. (See Figure 2)
