**NOTE:** These containers have been manufactured and certified in accordance with Performance Requirements of Part 178 Subpart M of Title 49 CFR. The chemical filler and the shipper may rely upon the marking as certification that the package meets the applicable UN performance standards. The shipper is responsible for ensuring the product is authorized in the package and must consult general shipper requirements, including modal requirements. To meet UN standards, the package must be properly closed for shipment. Failure to follow the closure instructions, or substitution of packaging components other than those identified in the closure instructions, will render the UN certification invalid.
