

## SPECIFICATIONS

### RECOMMENDED USES:

- All “premium” applications where quiet release is important
- Any application using recycled corrugated boxes.
- Mail-order catalog suppliers
- All hand dispenser or manual carton-sealing applications (i.e: moving and storage, mailrooms, UPS stations, etc.)
- Print-stock applications

### PERFORMANCE SPECIFICATIONS

|                         |             |
|-------------------------|-------------|
| Tensile Strength        | 27 lbs./in. |
| Elongation              | 80%         |
| Peel Adhesion           | 24 oz./in.  |
| Quick Stick             | 22 oz./in.  |
| Shear Adhesion          | 100 Hours   |
| Application Temp. Range | 0°-150°F    |

### CONSTRUCTION

|                    |                |
|--------------------|----------------|
| Total Thickness    | 2.4 mils.      |
| Film               | U.P.V.C.       |
| Film Thickness     | 1.5 mils.      |
| Adhesive           | Natural Rubber |
| Adhesive Thickness | 0.9 mils.      |
