To Whom It May Concern:

In response to your request for a Material Safety Data Sheet (MSDS) please be informed that an MSDS is not required, by law, for this product, pursuant to Occupational Health and Safety Administration regulations. Specifically, section 29 CFR 1910.1200 (b) (6) (iv) indicates that "articles" are not applicable to the Hazard Communication section (1910.1200) of the OSHA regulation.

OSHA's Definition Of An "Article" (From 29 CFR 1910.1200)

"...'Article' means a manufactured item: (i) which is formed to a specific shape or design during manufacture; (ii) which has an end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which does not release, or otherwise result in exposure to, a hazardous chemical under normal conditions of use."

According to this definition of an "article", this product does not require an MSDS sheet, and therefore, is not subject to MSDS requirements.

In addition, this product is not considered a controlled substance according to Canada's WHMIS (Workplace Hazardous Materials Information System) regulations.
