ULINE

# SIDE WALLS FOR CANOPIES
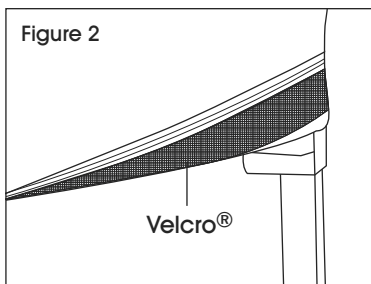

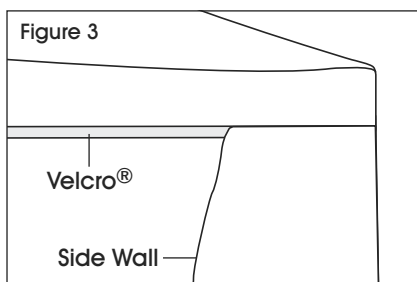

1-800-295-5510
uline.com

ASSEMBLY

1. Attach canopy top to frame. Refer to instructions provided with canopy. (See Figure 1)

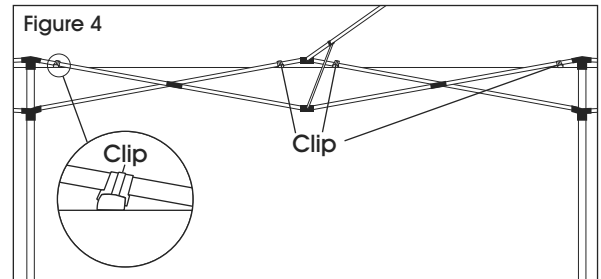

Figure 1
Frame

2. Before raising canopy to extended height, fold up two adjacent corners of canopy top to reveal inside perimeter Velcro® strip. (See Figure 2)

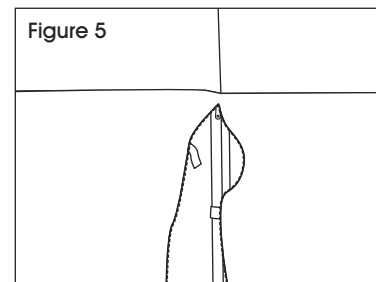

Figure 2
Velcro®

3. Holding side wall, fold top edge of wall so Velcro® aligns with Velcro® strip sewn to canopy top. Attach Velcro® strip along top edge of canopy top, aligning zipper to outside corner of leg frame. Repeat this step until all walls are attached. (See Figure 3)

Velcro®
Side Wall

4. Attach side wall to frame with clips on top side of wall. (See Figure 4)

Figure 4
Clip
Clip

5. Secure Velcro® strips around each corresponding leg frame and zip walls together at each corner. (See Figure 5)

Figure 5

☞ **NOTE: 5 x 5', 10 x 10' and 10 x 15' have one zippered wall for easy entry and exit. (See Figure 6)**

☞ **NOTE: 10 x 20' has three zippered walls for easy entry and exit.**
