

# ULINE H-7902 DELUXE PLASTIC A-FRAME SIGN

1-800-295-5510  
uline.com

## SIGN INSERTION

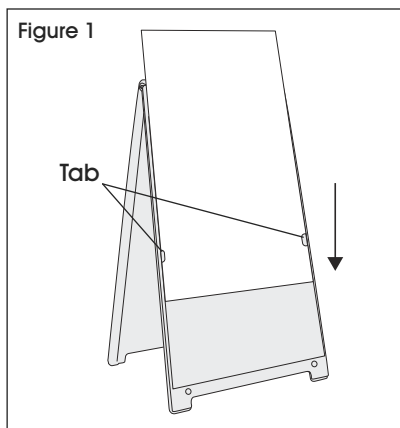

**NOTE:** Sign can be internally weighted with dry sand. It is recommended to use 5 lbs. per side.

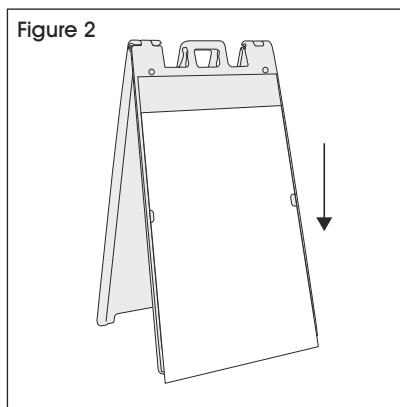

**NOTE:** Plugs are included to prevent sand from spilling in transit.

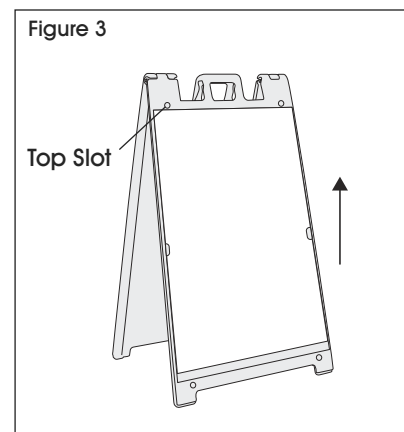

1. Slide sign down through tabs. (See Figure 1)

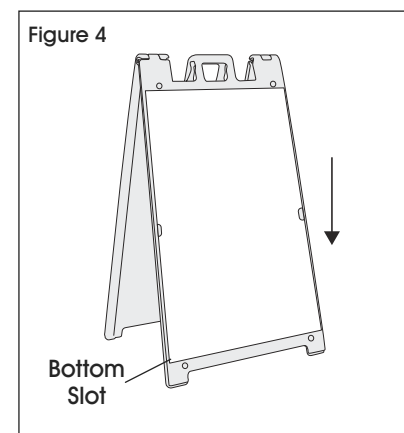

2. Pull sign in front of bottom slot until sign hits ground. (See Figure 2)

3. Push sign up into top slot. (See Figure 3)

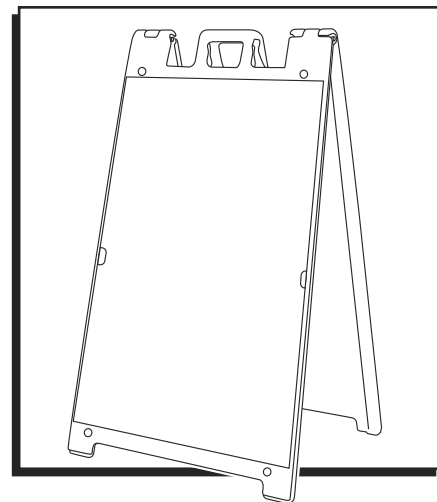

4. Pull sign down into bottom slot. (See Figure 4)

# ULINE H-7902

## LETRERO EN A DE PLÁSTICO DE ALTA CALIDAD

800-295-5510  
uline.mx

### COLOCACIÓN DEL LETRERO

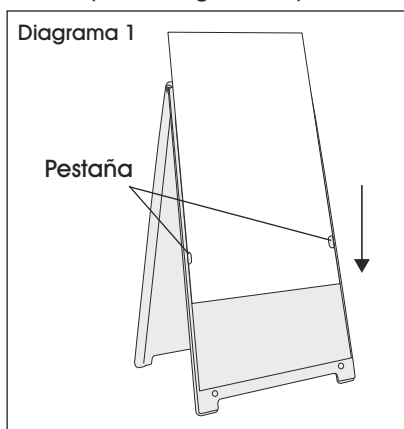

**NOTA:** El letrero se puede rellenar con arena seca. Se recomienda agregar 5 lbs. en cada lado.

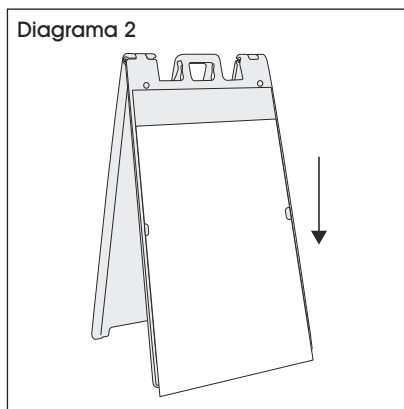

**NOTA:** Se incluyen los tapones para evitar que la arena se salga al moverlo.

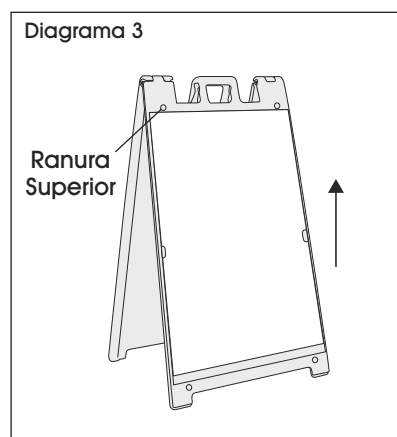

1. Deslice el letrero hacia abajo a través de las pestañas. (Vea Diagrama 1)

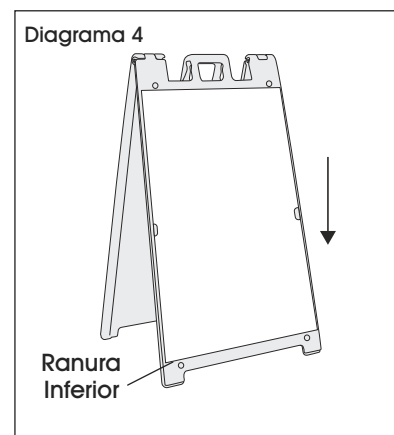

2. Jale el letrero delante de la ranura inferior hasta que alcance el piso. (Vea Diagrama 2)

3. Empuje el letrero hacia arriba contra la ranura superior. (Vea Diagrama 3)

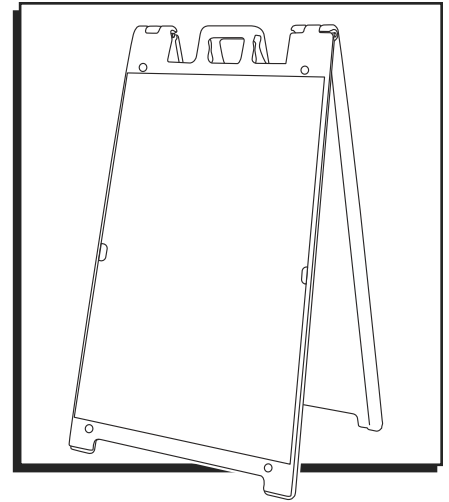

4. Jale el letrero hacia abajo contra la ranura inferior. (Vea Diagrama 4)

**INSERTION D'UNE AFFICHE**

 **REMARQUE :** L'intérieur de l'enseigne peut être lesté avec du sable sec. Il est recommandé d'utiliser 5 lb par côté.

 **REMARQUE :** Des bouchons sont inclus pour empêcher le sable de se répandre pendant le transport.

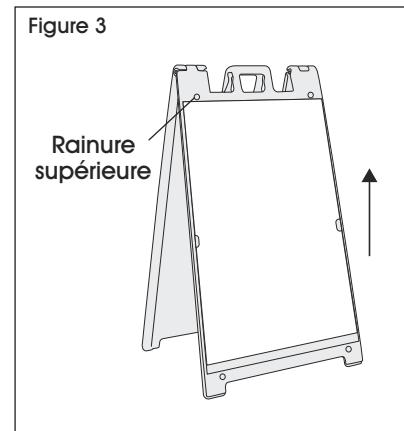

1. Faites glisser l'affiche vers le bas derrière les languettes. (Voir Figure 1)

2. Tirez l'affiche devant la rainure inférieure jusqu'à ce qu'elle touche le sol. (Voir Figure 2)

3. Poussez l'affiche vers le haut dans la rainure supérieure. (Voir Figure 3)

4. Tirez l'affiche vers le bas dans la rainure inférieure. (Voir Figure 4)
