INSTRUCTIONS

THREADING METAL BUCKLES

1. Insert end of strapping up through center of the buckle and around open leg to form a loop. Pull top tight around leg. (See Figure 1)

2. Wrap strapping around package. Loop strapping around remaining open leg of buckle. Pull loop tight around leg. (See Figure 2)

3. Pull both top ends of strapping in the opposite direction to manually tighten. (See Figure 3)

USING TENSIONER AND CUTTER

1. Place strapping between tensioner rods. (See Figure 4)

2. Raising the handle, rotate tool 360°. Pull tool to desired level of tension. (See Figure 5)

3. Use blade on side of tool to cut away excess strapping. (See Figure 6)
