1. Lay the display flat with the widest part of the display furthest away from you. (See Figure 1)
2. With the kraft side of the display facing up, fold angled flaps A in, locking them into place. (See Figure 2)
3. Fold the extended strips B down and the notched strips C in to align and interlock with one another. (See Figure 3)
4. Fold the long extended pieces E and F around the folded-in and notched strips C to form the display base. (See Figure 4)
5. Fold triangular side flaps all the way in so extended piece F fits between side panels. Fold the first score down so the extended piece points toward the inside back panel. (See Figure 5)
6. Push the remainder of the extended piece F into the base of the display. (See Figures 6-7)
7. Add header G to the top of display. (See Figure 8)

1. Coloque el exhibidor plano con la parte más ancha de este más alejado de usted. (Vea Diagrama 1)
2. Con el lado kraft del exhibidor hacia arriba, doble las solapas A angulares hacia adentro y fíjelas en su lugar. (Vea Diagrama 2)
3. Doble las tiras extendidas B hacia abajo y las tiras con muesca C para alinearlas e entrelazarlas unas con otras. (Vea Diagrama 3)
4. Doble las piezas extendidas largas E y F alrededor de las tiras dobladas y con muescas C para formar la base del exhibidor. (Vea Diagrama 4)
5. Doble las solapas laterales triangulares completamente hacia adentro de modo que la pieza extendida F quepa entre los paneles laterales. Doble la primera marca hacia abajo de modo que la pieza extendida apunte hacia el panel interior posterior. (Vea Diagrama 5)
6. Empuje el resto de la pieza extendida F dentro de la base del exhibidor. (Vea Diagramas 6-7)
7. Agregue la pestaña G a la parte superior del exhibidor. (Vea Diagrama 8)

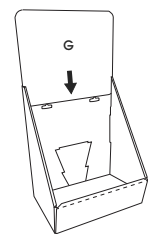

Figure 8

1. Posez le présentoir à plat avec la partie étroite devant vous. (Voir Figure 1)
2. Avec le côté kraft orienté vers le haut, pliez les rabats en angle A vers l'intérieur et bloquez-les en place. (Voir Figure 2)
3. Pliez les bandes allongées B vers le bas et les bandes avec encoche C vers l'intérieur pour les aligner et les emboîter les unes dans les autres. (Voir Figure 3)
4. Pliez les longues parties allongées E et F autour des bandes repliées et autour de celles avec encoche C pour former la base du présentoir. (Voir Figure 4)
5. Pliez les rabats latéraux triangulaires complètement vers l'intérieur pour que la partie allongée F se loge entre les panneaux latéraux. Pliez la partie allongée vers le bas à la première marque pour qu'elle pointe vers l'intérieur du panneau arrière. (Voir Figure 5)
6. Poussez le reste de la partie allongée F dans la base du présentoir. (Voir Figures 6 et 7)
7. Ajoutez l'en-tête G sur le présentoir. (Voir Figure 8)
