Material Safety Data Sheet
No-Grit Sweeping Compound

Product Name: Oil Based Sweeping Compound
MSDS Date: Updated 5/1/09, Reviewed 10/8/14
Distributor: Uline Shipping Supplies
   12575 Uline Drive
   Pleasant Prairie, WI 53158
Telephone: 800-295-5510

Product Identification:
Chemical Name: N/A

Formulation Components:
1) Hydro treated Heavy Naphthenic Distillate – Petroleum Hydrocarbons
2) Hardwood Sawdust

WARNING: This product contains a chemical known to the State of California to cause cancer.

Physical Data: Boiling Point: N/A Freezing Point: N/A Specific Gravity: 1.5 Melting Point: 844° C Solubility in Water: N/A Reactivity in Water: N/A Appearance and Odor: Sawdust-Oil Mixture, Slight oil and lemon odor

Reactivity Data:
Stability of Product under Normal Conditions: Stable Incompatibilities: Strong acids, Alcalilies, and Oxidizers Hazardous Decomposition Products: Burning or excessive heating may produce Carbon Monoxide and other harmful substances Hazardous Polymerization: Not subject to polymerization

Health Hazard Data:
None

Routes of Exposure and Signs and Symptoms of Exposure:
Inhalation: Irritation of the respiratory system, cough, shortness of breath, wheezing
Eye Contact: Swelling, discomfort associated with foreign substance within the eye
Ingestion: Mild discomfort, vomiting

Emergency and First Aid Procedures:
Inhalation: If inhalation occurs, remove personnel from contaminated area to fresh air
Eye Contact: Flush with water, refer to physician Skin Contact: Wash thoroughly with soap and water Ingestion: Induce vomiting and consult with a physician

Fire and Explosion Data:
Flash Point and Method: 345° F COC Autoignition T Flammable Limits: Upper-N/A, Lower-N/A Extinguishing Media: Water, Foam, CO²

No-Grit Sweeping Compound
**Special Fire Fighting Procedures:** NIOSH/MSHA self-contained breathing apparatus should be provided for confined areas. Do not enter any enclosed or confined fire space without proper protective equipment.

**Protective Equipment:**
None required
Safety glasses - Optional
Protective Gloves for handling material is suggested
Dust Respirator – Optional

**Handling and Storage:**
Store material in a dry area with containers tightly closed.
Avoid physical damage to containers and avoid creating airborne dust.

**Spill/Leak Procedures:**
Sweep into proper receptacle.
Avoid airborne dust.
Wear personal protective equipment.
Dispose in accordance with local, state, and federal regulations.

**Additional Information:**
Do not store product with food and/or tobacco products.

**Occupational Exposure Limits:**
Sawdust – OSHA recommends standard maximum permissible concentration 5.0 mg/M3 at an 8-hour time weighted average
Oil – OSHA recommends standard maximum permissible concentration 5.0 mg/M3 at an 8-hour time weighted average

**Disclaimer:** This information is based on the data presently available and to the best of our knowledge is accurate. But, we make no warranty, expressed or implied, regarding the accuracy of this data or the results obtained from its use; and, any use of the material itself or in combination with any other material or any process is the sole responsibility of the user.
